“You Are Not Alone ! NO ESTAN SOLOS !!”

FME Solidarity Statement

To our Hermanos and Hernanas in Guadeloupe and Martinique, You Are Not Alone !

The Frente de Mexicanos en el Exterior (FME), condemns in the strongest terms the threatening posture of the French government to the peoples of Guadeloupe and Martinique. We will not sit idly by and let the French government continue to treat our brothers and sisters as colonial subjects, or worse. We stand in full support of the just demands of the people’s movements of Guadeloupe and Martinique for economic, democratic, social, civil and cultural rights, human dignity, and self-determination, we are all brothers and sisters.

The Frente recommends the French government that the resolution to the crisis in Guadeloupe and Martinique can only be addressed through diplomatic means in full accord with international law. Any invasion or use of force to crush these political conflicts would constitute a clear human rights violation. This crisis will only be justly resolved when the French government fully complies with all 146 of the people’s demands. Nothing less will be satisfactory.

Signed Al Rojas, National Coord
