ALL PAKISTAN TRADE UNION FEDERATION

Solidarity message: Justice for Dead Workers in Kentex

ALL PAKISTAN TRADE UNION TRADE UNION FEDERATION/ALL PAKISTAN WORKERS CONFEDERATION hundred thousands workers were shocked to know that 72 workers were died in KENTEX factory fire at workplace in the Phillipine.

The management of the company doing anything related with workers health and safety hazards which caused this bloody incident.

On the behalf of APTUF/APWC we express our whole hearted solidarity with the grieved workers family and also friends and comrades of died workers all over the Philppine.

The capitalist have only interest to gain profit and not paying attention and concern on the issues which working class is facing. Working class are the backbone of every country, but unfortunately facing brutal attack by the capitalist because of the imperialist policies adopting by our rulers. We still remember fire accidents in Bangladesh and in Pakistan too.

We asked President of Republic of Philippine, Minister of Labour, DOL and all the concern department to take immediate measure and arrest the culprits and give them big punishment.

Immediate measure should be taken to implement health & safety law in every Industry.

Compensate every grieved family members.

Implement Labour laws and ILO Conventions 87 & 98 core convention for health & Safety of working class.

We express our great solidarity with KMU, grieved workers family, friends and comrades we assure you that in this sorrow ful moment u are not alone we are with you.

In solidarity

Rubina Jamil
