European Marches, October 1 to 15 - Actions Days, October 15, 16 & 17

Brussels, 30th September 2015

This Thursday 1st of October, Marches will start in Cadiz, Spain, direction Brussels where they will arrive on 15th of October for three days of actions (in Brussels and Namur).

Next week other marches will start from Greece (through Italy), from Ireland (through UK), from Germany, Italy and Romania. These Marches and actions are supported by a large European coalition* and will denounce the inhuman, anti-social and undemocratic policies of the EU Institutions.

The slogan, OXI! - Basta! - Enough! Let's build another Europe! is a call for equality, social and labour rights and real democracy ! A call for European solution at the debt challenge! A call for climate justice and peasant agriculture!

The Coalition denounces:

– **free trade agreements** (TTIP, CETA, TISA, ACE, APE, TTP and others) that destroy democracy and the planet, serving only the interests of multinational corporations and aiming to endorse their power!

– **European migration policy** (Frontex, Dublin II) that ignores and/or violates human rights of hundreds of thousands of refugees and migrants. By doing so, the EU policy practically accepts the fact that more than 20.000 people have died already, on their attempt to seek safety in Europe. We oppose all forms of **racism**.

– **social dumping**, low wages, practical, mini jobs and precarious employment, among other anti-social tools, that weaken social rights. We denounce **austerity and precarity**.

– **tax heavens** and fiscal competitiveness, that lead to lower taxation for multinational corporations and the financial sector, while weakening the capacity of the States to respond to social needs. This fiscal framework forces States into debt, which is used as a vehicle to justify austerity.

– all policies that destroy our planet, climate and peasant agriculture, in favor only of the interests of **big agro-business**.

Numerous activities around Europe

A public event on September 30th in Cadiz will mark the beginning of the #EuroMarchas2015. The Spanish marches start on the 1st of October in Spain, to reach Brussels on October the 15th. During the marches, **public actions will take place in more than 35 cities** like Gibraltar, Zaragoza, Madrid, Barcelona, Andorra, Luxemburg, London, Gent, Metz, Liege, Namur, Paris, Calais a.a.

Brussels October 15th: Arrival of the European Marches in Brussels

Our goal this day is to circle the EU Council Summit, that will convene on **migrations and economic governance**. We consider that the EU has completely failed on both those issues. Moreover, Commission is still pushing for Free Trade agreements.

They are destroying our rights and democracy : we'll circle their Summit.
