

Turkey Creationism: Monkeys evolved from 'Jews cursed by Allah'

Saturday 1 October 2016, by [DUKE Barry](#), [MEMRI](#) (Date first published: 15 February 2016).

Did humans evolved from monkeys ? Certainly not! Monkeys evolved from 'Jews cursed by Allah'.

As everyone biblical scholar knows, God made land animals on Day Six of Creation [1]. This would have been on a Friday in October 4004 BCE [2] if we are to believe seventeenth-century Irish bishop, James Ussher [3].

But now a Turkish journalist Seyfi Sahin, understood to be “a physician”, has rubbished that notion by claiming in the radical Islamist Turkish daily *Vahdet* that, in actual fact, monkeys evolved from perverted Jews whom Allah cursed and punished [4].

Attacking “the Jew” Darwin’s theory of evolution, the numbskull said that evolution contradicts Allah’s word in the Koran.

Sahin, above, goes on to argue that Jews “terrorise the world of science” and, as a Jew, Darwin concocted his theory of evolution in order to turn Muslims away from their religion.

The aim of [Darwin’s] theory is to turn the non-Jews away from their religion, to harm their faith, and to make them suspicious about their religion. Darwin, being a Jew, believed, lived, and was buried according to his religion. His real targets were the Muslims.

Sahin explains that the chromosomal anomalies between monkeys and humans prove:

That humans are not derived from monkeys, but that monkeys come from humans. There are many factors in the creation of such anomalies, among them divine, environmental, and chemical.

Sahin quotes four Koranic passages as evidence that monkeys are derived from Jews, including the verse:

Whomever Allah has cursed and punished, and those he turned into monkeys, pigs, and Satan worshipers, occupy the worst place [in his eyes], and they are perverts that have deviated from their path.

He asserts that Jewish control over the “world’s financial and scientific institutions is so powerful that they terrorize the world of science” and have successfully brainwashed even experts into believing Darwin’s “deception as scientific reality.”

I believe that the gorillas and chimps living today in the forests of North Africa are cursed Jews. They are perverted humans that have mutated.

He adds that since Muslims do not have the same control over the media, banks, and scientific institutions as Jews do, they have not been able to:

Scream this truth. But we have our intellect, we have our faith, and we have our Allah.

Article In Radical Islamist Pro-AKP Turkish Daily: Gorillas, Chimps Are Cursed, Mutated Jews

In his January 31, 2016 column in the pro-AKP government, radical Islamist daily *Vahdet*, journalist Seyfi Sahin wrote that the evolutionary theory of “the Jew” Darwin contradicts Allah’s word in the Koran. Claiming to be a physician, Sahin argued that humans did not evolve from monkeys, but rather that monkeys evolved from perverted Jews whom Allah cursed and punished. [5] The column was widely criticized by Turkey’s independent opposition media.

Sahin. *Vahdet*, January 31, 2016.

Following are excerpts from Sahin’s article, titled “Monkeys Evolved from Humans.” [6]

“Chromosomal Anomalies” In Monkeys “Have Never Led To The Birth Of Human Beings Or Of Monkeys Resembling Human Beings”

“Monkeys are animals that look like humans. Humans have 46 chromosomes and monkeys have 48. Since these chromosomes are similar in structure, these species can transfer from one to the other. When we, physicians, examine anomalies in chromosomes, we find that human chromosomal anomalies lead to the birth of humans similar to monkeys, as in cases of microcephaly, in which newborns resemble monkeys in form, intelligence, behavior, and social life. Such [deformed humans] must be kept under strict control. The numbers of such cases is not negligible.”In monkeys too there are chromosomal anomalies, but these have never led to the birth of human beings or of monkeys resembling human beings. We understand from this that humans are not derived from monkeys, but that monkeys come from humans. There are many factors in the creation of such anomalies, among them divine, environmental, and chemical.”**“Those Among You Who Violated The Saturday [Sabbath] Prohibitions... Will Become Miserable Monkeys [Koran 5:60]”**“Our God, the Creator of the universe, has also confirmed these truths. ‘You know those among you who violated the Saturday [Sabbath] prohibitions. For them it is said that they will become miserable monkeys [Koran 2:65].’

“Also: ‘Whomever Allah has cursed and punished, and those He turned into monkeys, pigs, and Satan worshippers, occupy the worst place [in His eyes], and they are perverts that have deviated from their path [Koran 5:60].’”And when they became arrogant and did not change their ways, they were told to become low and contemptible monkeys [Koran 7:166].’

“The [Koranic] verses above show us that monkeys have come from humans. Allah always tells the

truth.”

The Theory Of Evolution Is “An Opinion” By “A Jew Called Darwin”; “The Gorillas And Chimps Living Today In The Forests Of North Africa Are Cursed Jews”

“The theory of evolution was put forward by a Jew called Darwin. Therefore, it is an opinion. The aim of this theory is to turn the non-Jews away from their religion, to harm their faith, and to make them suspicious about their religion. Darwin, being a Jew, believed, lived, and was buried according to his religion. His real targets were the Muslims. Most likely, Darwin knew about these Koranic verses. In the Holy Koran, Allah responded very well to these perverts.”Jews, who are well organized in the world’s financial and scientific institutions, are so powerful that they terrorize the world of science. Through propaganda and through the reiteration of this nonsense, they have brainwashed and imposed this opinion as a rule, and sold this deception as scientific reality. Even some ignorant theologians have believed the propaganda of this theory...

“I believe that the gorillas and chimps living today in the forests of North Africa are cursed Jews. They are perverted humans that have mutated. This thought is much stronger and scientific than Darwin’s theory. But we the Muslims, who believe this, do not have banks, money, or the organization inside the world of science [like the Jews have]. Neither do we have propaganda outlets, in order to scream this truth. But we have our intellect, we have our faith, and we have our Allah. Alhamdullillah [with the grace of Allah].”
