Holiday Greetings to Everyone

We wanted to send some sort of holiday greeting to all of you, but it is so difficult in today's world to know exactly what to say without offending someone. So we met with my attorney yesterday, and on his advice we wish to say the following:

Please accept with no obligation, implied or implicit, our best wishes for an environmentally conscious, socially responsible, low stress, non-addictive, gender neutral celebration of the summer solstice holiday, practised with the most enjoyable traditions of religious persuasion or secular practices of your choice with respect for the religious/secular persuasions and/or traditions of others, or their choice not to practice religious or secular traditions at all.

We also wish you all a fiscally successful, personally fulfilling and medically uncomplicated recognition of the onset of the generally accepted calendar year 2007, but not without due respect for the calendars of choice of other cultures whose contributions to society have helped make my or your country great (not to imply that UAE, Pakistan, China, Singapore, the US and Thailand is necessarily greater than any other country) and without regard to the race, creed, colour, age, physical ability, religious faith or sexual preference of the wishee.

By accepting this greeting, you are accepting these terms:

This greeting is subject to clarification or withdrawal. It is freely transferable with no alteration to the original greeting. It implies no promise by the wisher to actually implement any of the wishes for her/himself or others and is void where prohibited by law, and is revocable at the sole discretion of the wisher. This wish is

warranted to perform as expected within the usual application of good tidings for a period of one year or until the issuance of a subsequent holiday greeting, whichever comes first, and warranty is limited to replacement of this wish or issuance of a new wish at the sole discretion of the wisher.

Disclaimer: No trees were harmed in the sending of this message; however, a significant number of electrons were slightly inconvenienced.

We are also deeply regretful if this message is sent out later than expected than what may correct. In no way should the timing of this message be deemed to imply bias of any sort on the importance of any celebration or that any celebration is greater than another.

Best Wishes!
