ESSF: Urgent appeal for financial solidarity following the floods that are devastating several regions of Pakistan

Monday 29 August 2022, by [ESSF](#), [JOHNSON Mark](#), [ROUSSET Pierre](#) (Date first published: 29 August 2022).

The effects of climate change are increasingly dramatic, especially in South Asia. After having been the victim of a brutal heat wave, Pakistan is suffering from floods of an exceptional magnitude due to the disruption of the monsoon. A large part of the country is under water, hit by flash floods or deadly landslides caused by torrential rains.

In this situation of major humanitarian crisis, Europe Solidaire Sans Frontières (ESSF), supports in particular the Labour Relief Campaign [1], the PKRP [2], the Labour Education Foundation (LEF) and the Crofter Foundation, the latter two being legally registered associations to which we transfer the donations we receive.

This support converges with other initiatives, such as the Asian Peoples' Movement on Debt and Development (APMDD). We are not in competition with each other, on the contrary: our Pakistani partners are working together to confront the humanitarian disaster and to defend climate and social justice.

Other ESSF partners in Bangladesh, Burma, Indonesia and the Philippines are mobilizing under often very difficult conditions in these times of floods, supertyphoons, heat waves, earthquakes, epidemics, wars and military violence... They bring help and support to the most destitute populations.

They need us to do it.

Mark Johnson
