

# Statement (Pakistan): On India Pakistan present conflict

Friday 25 April 2025, by [Haqooq-e-Khalq Party \(HKP\)](#) (Date first published: 25 April 2025).

**HKP strongly condemns the attack in Pahalgam. We believe terrorism has no place in our society, our region, or anywhere in the world.**

Such acts of violence only serve to deepen divisions and suffering among our peoples. We stand in solidarity with the victims and their families during this difficult time.

We believe India has acted in an unwarranted and belligerent way by suspending the Indus Water Treaty.

This unprecedented action violates a long-standing agreement that has survived previous conflicts and threatens the water security of millions of Pakistani citizens.

We view this as a dangerous escalation that contradicts international law and norms of peaceful coexistence between neighboring states.

We condemn continuation of atrocities and dictatorial measures against Kashmiris by Indian ruling class. We stand for demilitarization of Kashmir and the right of self-determination of Kashmiris on both sides.

War drums are not the solution to the challenges we face. We call upon progressive forces on both sides of the border to push for peace, security, and prosperity.

The people of South Asia deserve better than conflict and instability. Our shared future depends on dialogue, mutual respect, and cooperation rather than confrontation and hostility.
