## **On the anniversary of the Fukushima Daiichi Nuclear Disaster**

“Cracking the Nuclear Labyrinth” International Forum 2012

10<sup>th</sup> March 2012

A year on from the Fukushima disaster, is life in Japan back to normal? What lessons have we learnt about the massive nuclear industry? What do we really know about radiation and nuclear energy? What impacts do they have on our lives?

We would like to invite you to take part in “Cracking the Nuclear Labyrinth” International Forum. Among the speakers are ex-Fukushima resident/unionist, nuclear experts from Canada and the States, let’s crack the nuclear labyrinth together!
