

A call: Jewish survivors and descendants of survivors of Nazi genocide unequivocally condemn the massacre of Palestinians in Gaza

Tuesday 12 August 2014, by [Collective / Multiple signers](#) (Date first published: 12 August 2014).

As Jewish survivors and descendants of survivors of the Nazi genocide, we unequivocally condemn the massacre of Palestinians in Gaza and the ongoing occupation and colonization of historic Palestine. We further condemn the United States for providing Israel with the funding to carry out the attack, and Western states more generally for using their diplomatic muscle to protect Israel from condemnation. Genocide begins with the silence of the world

We are alarmed by the extreme, racist dehumanization of Palestinians in Israeli society, which has reached a fever pitch. In Israel, politicians and pundits in *The Times of Israel* and *The Jerusalem Post* have called openly for genocide of Palestinians, and right-wing Israelis are adopting Neo-Nazi insignia

Furthermore, we are disgusted and outraged by Elie Wiesel's abuse of our history in these pages to promote blatant falsehoods used to justify the unjustifiable: Israel's wholesale effort to destroy Gaza and the murder of nearly 2,000 Palestinians, including many hundreds of children. Nothing can justify bombing UN shelters, homes, hospitals and universities. Nothing can justify depriving people of electricity and water

We must raise our collective voices and use our collective power to bring about an end to all forms of racism, including the ongoing genocide of Palestinian people. We call for an immediate end to the siege against and blockade of Gaza. We call for the full economic, cultural and academic boycott of Israel. "Never again" must mean NEVER AGAIN FOR ANYONE!
