

# Asian Development Bank (ADB) funded project committing labor violations

Friday 13 September 2019, by [Movements](#) (Date first published: 2 September 2019).

September 2, 2019

MR. TAKEHIKO NAKAO  
President  
Asian Development Bank (ADB)

Dear Pres. Nakao,

We are writing to you regarding the Accelerating Infrastructure Investment Facility in Himachal Pradesh [1], India, with project number 47083-002 [2], approved on October 21, 2013. The project was implemented through the Asian Development Bank's (ADB) contractor **Infrastructure Leasing & Financial Services (IL&FS)**.

The project's goal was to alleviate poverty and provide an important infrastructure link between people and markets. Instead, the project has caused major problems to more than one hundred affected workers, leaving them with **months of unpaid back wages and other legal benefits**. As of February 2019, the project owes the affected workers a total of **22 million Indian rupees**.

The project has resulted in other labour violations, including

1. No employment contracts
2. Forced overtime without pay
3. Forced weekend work
4. No social security coverage for the workers and their families
5. Violation of the right to freedom of association and collective bargaining
6. No specific facilities for women workers
7. Gross negligence on occupational health and safety (OHS) and first-aid facilities

The project has also violated rules laid out in the ADB Social Protection Strategy, which guarantees compliance with **core labor standards and minimum legal protections**. The Social Protection Strategy also requires all ADB-funded projects to have a ground-level grievance mechanism, however, this project never had such a mechanism.

A complaint was also filed to the ADB Accountability Mechanism Office of the Special Project Facilitator last May 30, 2019, by the affected workers regarding this project.

We would like to request your office to look into this matter and address the issues most especially the unpaid back wages of the affected workers as the IL&FS is currently inaccessible.

We hope that you can fulfill ADB's vision of improving the quality of life of the people in Asia and the Pacific by addressing this problem.

We look forward to your response.

Respectfully,
