

Pakistani Trade Union Confederation Supports Lviv Students

Saturday 23 March 2024, by [SYED Zia](#) (Date first published: 4 March 2024).

No to the closure of Lviv University

Since the start of the large-scale imperialist war unleashed by the Russian Federation, we have provided constant support to Ukraine and are keen to defend Ukrainian culture and heritage.

Founded in 1930, the Lviv Academy of Printing has gained an international reputation in its fields of training. Also, it is with dismay that we learn of the possible closure of this Academy which would constitute a great loss for Ukraine.

We welcome the mobilization of students who oppose this closure. We express our full solidarity with them and hope that the planned disappearance of the Academy will be thwarted.

Zia Syed Secretary General of All Pakistan Federation of United Trade Unions (APFUTU)
